Delivery
 Assembled Kit form
Note: Glazed sliding patio doors with glass above 1.2m in width will be delivered on a vehicle with a crane attachment to allow the door and glass to be lifted down to ground level for an onward move by the receiving customer. The driver will deploy vehicle outriggers and will require suitable clear area to do so. If the driver deems the delivery site to be unsuitable they will not complete the delivery. Re-deliveries on this service will have a £300 + VAT charge. T & C's apply.

Notes
Outside locking access unavailable
 We do not offer a wheelchair specific threshold option.
 PAS 24 as standard
